

PROGRAMMA MANTENIMENTO LICENZE MD11

E' iniziato il programma mantenimento licenze di volo per i piloti ex settore MD11.

Si ricorda che il mantenimento delle licenze di volo è assoluta responsabilità del singolo.

Il Fondo Speciale del Trasporto Aereo (FSTA Lg.291/2004) che è il responsabile per la riqualificazione del personale posto in CIGS/mobilità, non è al momento capiente per queste esigenze. E' stata comunque inoltrata domanda al FSTA di provvedere a finanziare i costi sostenuti per il mantenimento delle licenze di volo.

Da regolamento l'azione del fondo è orientata prioritariamente al pagamento dell'integrazione salariale. Comunque, **si consiglia di conservare tutte le ricevute**, anche se non si ha ancora la certezza se e/o quando il FSTA rimborserà. L'addestramento si atterrà alle specifiche dettate dall'informativa ENAC del 15/09/2009, (in allegato).

Si rammenta che il TRE/SFE svolgerà l'attività senza finalità di lucro, e la sua disponibilità è finalizzata alla sola salvaguardia professionale di noi piloti.

Al momento la struttura individuata è quella del **LUFTHANSA TRAINING CENTER** di Zurigo , scelta principalmente per la grande disponibilità di slots del simulatore , oltre che per i costi contenuti e la facilità nel raggiungerla.

In ogni caso , in calce al documento , troverete anche i recapiti e i costi delle altre due strutture contattate , Finnair e il Training Center Lufthansa di Francoforte.

Il programma è stato presentato in data 01/09/09 ed approvato da ENAC ; di seguito trovate la domanda e la conseguente autorizzazione :

Spett.le ENAC
Direzione Licenze del Personale
Via di Villa Ricotti , 42
00161 , Roma

Oggetto : Richiesta di Revalidation T.R.P.C su a/m MD11

In riferimento all'incontro del 1 Settembre 2009 , si richiede di poter effettuare i rinnovi dei T.R. su aeromobile MD11 secondo la seguente procedura :

- Non utilizzare un T.R.T.O. , o F.T.O. ;
- Utilizzare un T.R.E. Alitalia attualmente in C.I.G.S. ;
- Il T.R.E. designato al check si impegna a :
 - mantenere copia dei verbali Mod. 102 ENAC 1/2007 e Mod. 102 "V" ENAC 1/2007 per la durata di anni 5 (cinque) ;
 - consegnare presso la sede ENAC di Via Villa Ricotti 42 , Roma , gli originali dei suddetti verbali entro e non oltre 10 giorni dalla data del check ;
 - inviare, almeno 5 giorni lavorativi antecedenti all'esame, via fax (n° 0644185701) , alla sede ENAC (all'attenzione della Dott.sa Italia / Cpt Russo) i nominativi del personale T.R.E. , T.R.I. e dei Candidati interessati al Check ;
 - consegnare ad ENAC la fotocopia della lettera di posizione in C.I.G.S. esaminando.

I Checks devono essere effettuati esclusivamente per il personale di Alitalia in C.I.G.S.

Il Check T.R.P.C. avrà la durata di ore 4 (quattro) per ogni equipaggio.

Si riportano , di seguito ,il nominativo e i dati anagrafici del T.R.E. preposto a quanto in oggetto :

Com.te Giulio IACOBELLI – TRE n° 3065 scadenza 24/02/2009

Licenza ICAO I-ATPL-A-06758N scadenza 31/12/2012

Nato a Scandriglia il 24/02/1949 , residente in Via Provinciale per Roma 16 , 02030 Scandriglia

Data

Roma , 01/09/2009

Cpt. Andrea GADDI

1Uff. Dimitri COLOGGI

1Uff. Luca BRAGALONE

Egr. Com.te Iacobelli Giulio
Via Provinciale per Roma N°16
02030 Scandriglia Roma

oggetto: Revalidation Type Rating/IR per PNT posto in mobilità/CIGS

In riferimento alla nota presentata a questa Direzione in dta 01/09/09 da un gruppo di piloti ex Alitalia del settore MD11 si prospetta un percorso organico e coordinato per il rinnovo delle abilitazioni in oggetto da parte del personale posto in mobilità/CIGS,
vista la JARFCL 1.245 (b),
considerata la opportunità di procedere in modo organizzato e univoco sia per le esigenze di ENAC sia per fornire ausili e risposte univoche alle molte richieste che pervengono da parte del personale di volo posto in cassa integrazione circa le modalità di rinnovo delle abilitazioni,
considerato che tutto il personale è in possesso di abilitazioni ancora in corso di validità,

si approva quanto proposto nella nota sopra citata, e cioè:

- l'attività viene svolta senza finalità di lucro
- i proficiency check per la sola revalidation di abilitazioni viene effettuato da TRE o SFE in indirizzo ed in possesso della relativa autorizzazione in corso di validità, non più impiegato presso l'Operatore/TRTO citato nella stessa,
- IL TRE o SFE in indirizzo comunicherà ad ENAC, con un anticipo di almeno 5 giorni lavorativi, le date di svolgimento dei Type Rating PC
- Di ogni Proficiency Check verranno redatte due copie di verbale e check list (Mod.102 e Mod. 102V): una da consegnare alla Direzione Licenze del Personale ENAC (originale) per l'aggiornamento del data base, una che verrà conservata dal TRE o SFE per almeno 5 anni,
- Assieme alla copia del verbale di PC, dovrà essere consegnata ad ENAC Direzione Licenze del Personale, anche una fotocopia della lettera di posizione in CIGS del candidato,
- Il rinnovo avverrà secondo quanto previsto dalla JAR FCL 1.245 e relative Appendici 1 e 2.
- Nel caso in cui il candidato non avesse effettuato 10 tratte negli ultimi 12 mesi dovrà effettuare prima del proficiency Check una tratta sotto la supervisione di un TRE o SFE.
- Il Check T.R.P.C avrà la durata di 4 (quattro) ore per ogni equipaggio

Quanto sopra riportato non può intendersi applicabile in caso di abilitazioni scadute.

In tal caso, se l'abilitazione non risulta scaduta da oltre 30 giorni, è possibile presentare ad ENAC, Direzione Licenze del Personale, una proposta di procedere al rinnovo con le modalità sopra descritte, che dovrà essere preventivamente autorizzata. Nella richiesta dovrà essere specificato il numero totale delle ore di volo e il numero delle ore di volo negli ultimi 12 mesi sul tipo di aeromobile su cui si intende effettuare il proficiency Check.

Se invece l'abilitazione risulta scaduta da oltre 30 giorni, l'interessato dovrà necessariamente rivolgersi ad un TRTO/FTO per il programma di renewal.

La suddetta procedura può essere soggetta a variazioni che si dovessero rendere necessarie in fase di implementazione della stessa, notificandole preventivamente al TRE o SFE in indirizzo o su richiesta della stessa.

Saluti cordiali

Eleonora Italia

La procedura per la formalizzazione degli equipaggi , la verifica della disponibilità del TRE/SFE e dello slot è riportata di seguito :

1. formare uno o più equipaggi , anche non omogenei (non è richiesto che lo siano)
2. contattare il TRE/SFE (**Iacobelli**) per trovare un giorno a lui congeniale. Di seguito i recapiti : Telefono fisso : **0765 89453** , Cellulare : **338 9560524** oppure **338 1865945**
3. prenotare lo slot o gli slots necessari nelle strutture a voi gradite (per Zurigo o Francoforte è necessario fornire , all'atto della prenotazione, i seguenti documenti in formato elettronico: copia della licenza e copia del passaporto) utilizzando i recapiti forniti più in basso.
4. Prenotare , se necessario , la struttura alberghiera per il soggiorno dell'equipaggio e del TRE/SFE, presso una delle strutture partner dei centri addestramento.
5. comunicare ad ENAC tramite Email (licenze.personale@enac.rupa.it) oppure tramite fax (**06 44185701**), con apposito modello di richiesta e con almeno 5 gg lavorativi di anticipo , la data , il luogo e i nomi dei partecipanti (TRE/SFE compreso) : di questa richiesta non è necessario attendere risposta. Un fac-simile della richiesta lo trovate in fondo.
6. effettuare il check (che per ogni equipaggio sarà di minimo 4 ore , assorbendo anche l'RT)
7. compilare apposita modulistica ENAC (Mod. 102 e 102V) , che verrà redatta in almeno 2 copie
8. archiviare modulistica : 1 copia la conserva il TRE/SFE per almeno 5 anni , l'altra va consegnata ad ENAC (Via Villa Ricotti) entro 10gg dal check (la consegna dei moduli può essere effettuata anche da una sola persona)

NOTA BENE

Si ricorda di portare con se la seguente documentazione: licenza di volo, visita medica in corso di validità e lettera della cassa integrazione a zero ore.

Nel caso in cui la licenza dei rinnovandi sia scaduta **da non oltre 30gg** , è comunque possibile effettuare il controllo con la procedura sopra descritta , sostituendo però il punto 4 con il seguente 4a :

4. presentare richiesta scritta ad ENAC (Via Villa Ricotti) per rinnovare il TR/IR con la procedura sopra descritta , indicando per ognuno dei candidati le ore di volo totali , quelle su MD11 e le ore negli ultimi 12 mesi. Alla fine del documento ne troverete un fac-simile al quale sarà sufficiente modificare i dati (Richiesta rinnovo licenza scaduta)

L'autorizzazione può essere presentata anche da uno solo dei candidati a nome dei firmatari della domanda stessa e la risposta è immediata.

Tutta l'operazione avviene anche grazie alla preziosa collaborazione di ENAC , nelle persone della Sig.ra Casalini e del Cpt Russo , disponibili a riceverci per ogni ulteriore dubbio ai seguenti recapiti:

**ENAC (ufficio Licenze) tel 06 44185700
Sig.ra Casalini 320 4781103
Com.te Russo 335 6030438**

Si sottolinea che tutti i compiti previsti da ENAC per il TRE/SFE , verranno svolti dagli esaminandi (es : punti 4 , 4a e 7)

I costi da sostenere per il rinnovo sono i seguenti (se il rinnovo avviene a Zurigo) :

- 2 ore di simulatore (Proficiency Check) : 950 Euro. (475Euro/ora)
- 2 ore di simulatore (Recurrent Training) : 0 Euro (eseguite durante la sessione di assistenza dell'altro collega). Di seguito riportiamo le modalità di pagamento del simulatore di Zurigo e le operazioni accessorie per predisporre l'eventuale rimborso :
 1. ogni singolo provvederà al pagamento della propria parte di importo (2 ore) tramite bonifico alle coordinate sotto riportate
 2. l'importo è di 475Euro/Ora , quindi 950 Euro a testa
 3. la causale del versamento dovrà essere come la seguente (se lo fate allo sportello della vostra banca non ci dovrebbero essere problemi di sorta per la lunghezza):
SIM MD11 ZRH "DATA" "SLOT" "COGNOME" (es : SIM MD11 ZRH 15/09/09 SLOT 2 BRAGALONE)
 4. il beneficiario sarà : ProFlight GmbH, Kleiner Ort 5 D-28357 Bremen
 5. la banca e le sue coordinate sono : Bankhaus Carl F. Plump (Am Markt 19, 28195 Bremen) , IBAN: DE 05290304000000086380 - BIC: PLUMDE29 (il bic è un codice che usano le banche se lo fate allo sportello)
 6. inviare copia della ricevuta del bonifico a jens.katenkamp@proflight.com , specificando l'indirizzo di fatturazione (es: propria abitazione)
 7. inviare , quando in possesso , una copia della fattura rilasciata da Lufthansa a Max Chiappi (max.chiappi@tele2.it) , che li inoltrerà alla commissione CIGS ANPAC/UP per una eventuale richiesta di rimborso collettiva.
- Biglietto aereo A/R . Da Roma per Zurigo lo Zed costa 79 Euro e gli orari dei voli Swiss sono i seguenti :

FCO – ZRH	ZRH – FCO
LX1735 06.50 - 08.30	LX1726 07.25 – 08.55
LX1727 09.35 - 11.20	LX1736 12.35 – 14.05
LX1737 14.45 - 16.25	LX1732 17.30 – 19.00
LX1733 19.50 – 21.25	LX1734 20.40 – 22.10

NOTA BENE:

Con i biglietti ZED la Swiss richiede che ci si annuncii sul volo che si intende utilizzare in anticipo, per poter organizzare la lista di attesa.

Il "Listing" deve essere effettuato chiamando prima possibile il N° verde Swiss 848868120

- Eventuale pernotto presso una delle strutture convenzionate (leggere informativa in fondo)
- Biglietto aereo A/R , vitto ed eventuale alloggio TRE (circa 200 Euro)

Di seguito il riepilogo dei documenti necessari allo svolgimento del check:

- Brevetto
- Libretto di volo
- Passaporto
- Lettera di posizionamento in CIGS
- Copia del bonifico di pagamento del simulatore
- ENAC Modello 102
- ENAC Modello 102V

Inseriamo i recapiti delle strutture contattate , dove è possibile effettuare il check.

Finnair Flight Training Center

Tel : +358 - 989194613
Fax : +358 - 98184600
e-Mail : peter.makinen@finnair.com
web : www.finnairflighttraining.com

I costi presso Finnair sono i seguenti :

Pacchetto a 3900 Euro, che comprende :

2 sessioni di sim (4 ore l'una) + 8 ore CBT + volo a/r per un solo equipaggio.
E' possibile utilizzare il pacchetto in due equipaggi , tenendo presente che il volo di A/R è però per un solo equipaggio.

Lufthansa Flight Training Center

Tel. : +49 - 6969653075
Fax : +49 - 696969853075
e-Mail : Britta.Beauvais@lft.dlh.de (Francoforte)
e-Mail : jens.katenkamp@proflight.com (Zurigo)
web : www.lufthansa-flight-training.com

Il costo del simulatore presso la struttura di Francoforte è di 520Euro/ora + 19% Iva.

Allegati al presente documento , troverete:

1. ENAC Modello 102
2. ENAC Modello 102V
3. Richiesta rinnovo licenza scaduta
4. Richiesta rinnovo licenza standard
5. Pocket Guide per la struttura di Zurigo per un facile orientamento
6. Partner Hotels convenzionati con le strutture addestrative Lufthansa
7. Certificati relativi ai simulatori Lufthansa
8. Pocket Guide per la struttura di Helsinki
9. Partner Hotels convenzionati con la struttura Finnair
10. Certificato relativo al simulatore Finnair
11. Informativa ENAC del 15/04/2009
12. GuideLine per lo svolgimento del check (Programma Sim)
13. Procedura prenotazione slot sim ZRH

- 1 The following symbols mean:
 P = Trained as Pilot in command or Co-pilot and as Pilot Flying (PF) and Pilot Not Flying (PNF) for the issue of a Type rating as applicable.
 X = Simulators shall be used for this exercise, if available, otherwise an aircraft shall be used if appropriate for the manoeuvre or procedure.

- 2 The practical training shall be conducted at least at the training equipment level shown as (P), or may be conducted up to any higher equipment level shown by the arrow (.....>).

The following abbreviations are used to indicate the training equipment used:

A = Aeroplane
 FS = Flight Simulator
 FTD = Flight Training Device
 OTD = Other Training Device

- 3 The starred items (*) shall be flown solely by reference to instruments. If this condition is not met during the skill test or proficiency ck, the type rating will be restricted to VFR only.

- 4 Where letter M appears in the skill test/proficiency ck column this will indicate mandatory exercise.

- 5 A Flight Simulator shall be used for practical training and testing if the simulator forms part of an approved type-rating course.(continued) (refer to app.dx 2 to JAR-FCL 1.240&1.295 paragraph 5).

General remarks :

Special requirements for extension of a type rating for instrument approaches down to a decision height of less than 200 feet (60 m), i.e Cat II/III operations.

(Refer to Subpart E, JAR-FCL 1.180)

Applicant's name: Manœuvres/Procedures (including Multi-Crew-Cooperation)	PRACTICAL TRAINING					ATPL/TYPING-RATING SKILL TEST/PROF CHECK				
	OTD	FTD	FS	A	Instructor's initials when training completed	Ckd in	Examiner's initials when test completed			
						FS A	Attempt 1		Attempt 2	
SECTION 6					An aircraft may not be used for this exercise		P	F	P	F
6 Additional authorization on a type rating for instrument approaches down to a decision height less than 60 m (200 ft) (CAT II/III) The following manœuvres and procedures are the minimum training requirements to permit instrument approaches down to a DH of less than 60 m (200 ft). During the following instrument approaches and missed approach procedures all aeroplane equipment required for type certification of these approaches shall be used : 6.1* Rejected take-off at minimum authorised RVR			P*....>X		M* FS only				
6.2* ILS Approaches In simulated instrument flight conditions down to the applicable DH, using flight guidance system. Standard procedures of crew coordination (task sharing, call-out procedures, mutual surveillance, information exchange and support) shall be observed.			P.....>>		M				
6.3* Go-around after approaches as indicated in 6.2 on reaching DH. The training also shall include a go-around due to (simulated) insufficient RVR, wind shear, aeroplane deviation in excess of approach limits for a successful approach, and ground/airborne equipment failure prior to reaching DH and, go-around with simulated airborne equipment failure.			P.....>>		M*				
6.4* Landing(s) With visual reference established at DH following an instrument approach. Depending on the specific flight guidance system, an automatic landing shall be performed.			P.....>>		M				

NOTE : CAT II/III operations shall be accomplished in accordance with Operational Rules.

SKILL TEST/ PROFICIENCY CHECK FOR AEROPLANE TYPE/RATINGS AND ATPL

Appendix 1 to JAR-FCL 1.240
& 1.295

GENERAL REQUIREMENTS

1. The applicant shall have completed the required instruction in accordance with the syllabus (see Appendix 1 to JAR-FCL 1.261(a) and Appendices 2 & 3 to JAR-FCL 1.240). The administrative arrangements for confirming the applicant's suitability to take the test, including disclosure of the applicant's training record to the examiner, shall be determined by the Authority.
2. Items to be covered in skill test/proficiency checks are given in the applicable Appendix 2 & 3 to JAR-FCL 1.240. With the approval of the Authority, several different skill test/proficiency check scenarios may be developed containing simulated line operations. The examinee will select one of these scenarios: Flight simulators if available and other training devices as approved shall be used.
3. (a) The applicant shall pass all sections of the skill test/proficiency check. **Failure of more than five items will require the applicant to take the entire test/check again.** Any applicant failing five items or less shall take the failed items again. Failure in any item of the re-test/re-check including those items that have been passed at a previous attempt will require the applicant to take the entire test/check again.
(b) In case the applicant fails only or does not take Section 6, the type rating will be issued without Cat II/III privileges.
(c) Section 6 is not part of the ATPL skill test.
4. Further training may be required after a failed test/check. Failure to achieve a valid pass in all sections in two attempts shall require further training as determined by the examiner. There is no limit to the number of skill/tests/proficiency checks that may be attempted.

CONDUCT OF THE TEST/CHECK-GENERAL

5. The Authority will provide the examiner with safety criteria to be observed in the conduct of the test/check.
6. Should an applicant choose not to continue with a test/check for reasons considered inadequate by the examiner, the applicant will be regarded as having failed those items attempted. If the test/check is terminated for reasons considered adequate by the examiner, only those items not completed shall be tested in a further test/check.
7. At the discretion of the examiner any manoeuvre or procedure of the test/check may be repeated once by the applicant. The examiner may stop the test/check at any stage if it is considered that the applicant's competency requires a complete re-test/re-check.
8. Checks and procedures shall be carried out/completed in accordance with authorised check list for the aeroplane used in the test/check and, if applicable, with the MCC concept. Performance data for take-off, approach and landing shall be calculated by the applicant in compliance with the operations manual or flight manual for the aeroplane used. Decision heights/altitudes, minimum descent heights/altitudes and missed approach point shall be determined by the applicant for the ATPL(A) and/or for the type/class rating holder during the proficiency check, as applicable.

SPECIAL REQUIREMENTS FOR THE SKILL TEST/PROFICIENCY CHECK FOR A MULTI-PILOT AEROPLANE AND FOR THE SKILL TEST REQUIRED FOR THE ATPL(A)

9. The test/check for a MPA shall be performed in a multi-crew environment. Another applicant or another pilot, may function as a second pilot. If an aeroplane, rather than a simulator, is used for the test/check, the second pilot shall be an instructor.
10. An applicant for the initial issue of a MPA type rating or ATPL(A) shall be required to operate as 'pilot flying' (PF) during all sections of the test/check. The applicant shall also demonstrate the ability to act as a 'pilot not flying' (PNF). The applicant may choose either the left hand or the right hand seat for the test/check.
11. The following matters shall be specifically checked when testing/checking applicants for the ATPL(A) or type rating for MPA extending to the duties of a pilot in command, irrespective of whether the applicant acts as PF or PNF:
 - (a) management of crew cooperation;
 - (b) maintaining a general survey of the aeroplane operation by appropriate supervision; and
 - (c) setting priorities and making decisions in accordance with safety aspects and relevant rules and regulations appropriate to the operational situation, including emergencies.
12. The test/check should be accomplished under IFR and as far as possible in a simulated commercial air transport environment. An essential element is the ability to plan and conduct the flight from routine briefing material.

Nota: il presente Modello, unitamente alla Check List della Prova Pratica dovrà essere consegnato all'Enac presso:

Note: this form, together with Skill Test /Proficiency Check List form must be forwarded to Enac at:

- **Direzione Licenze del Personale - ATPL Skill Test**
Personnel Licensing Division - ATPL Skill Test
- **Direzione Aeroportuale competente - Type Rating Skill Test / Proficiency Check**
Relevant Airport Direction - Type Rating Skill Test / Proficiency Check

Lufthansa Flight Training
Zurich

Welcome

Getting around the Lufthansa Flight Training Center Zurich.

Welcome to Zurich. The training center has been constructed to help you concentrate on your training. We've created this pocket guide so you can quickly find everything you need for a smooth arrival and departure.

It provides you with helpful information and includes a detailed overview of our training facilities.

We wish you a pleasant stay and a successful time at the Lufthansa Flight Training Center Zurich.

Table of Contents

Directions

Floor Plans / Buildings A–F / Buildings G–F First Floor / Buildings G–F Third Floor

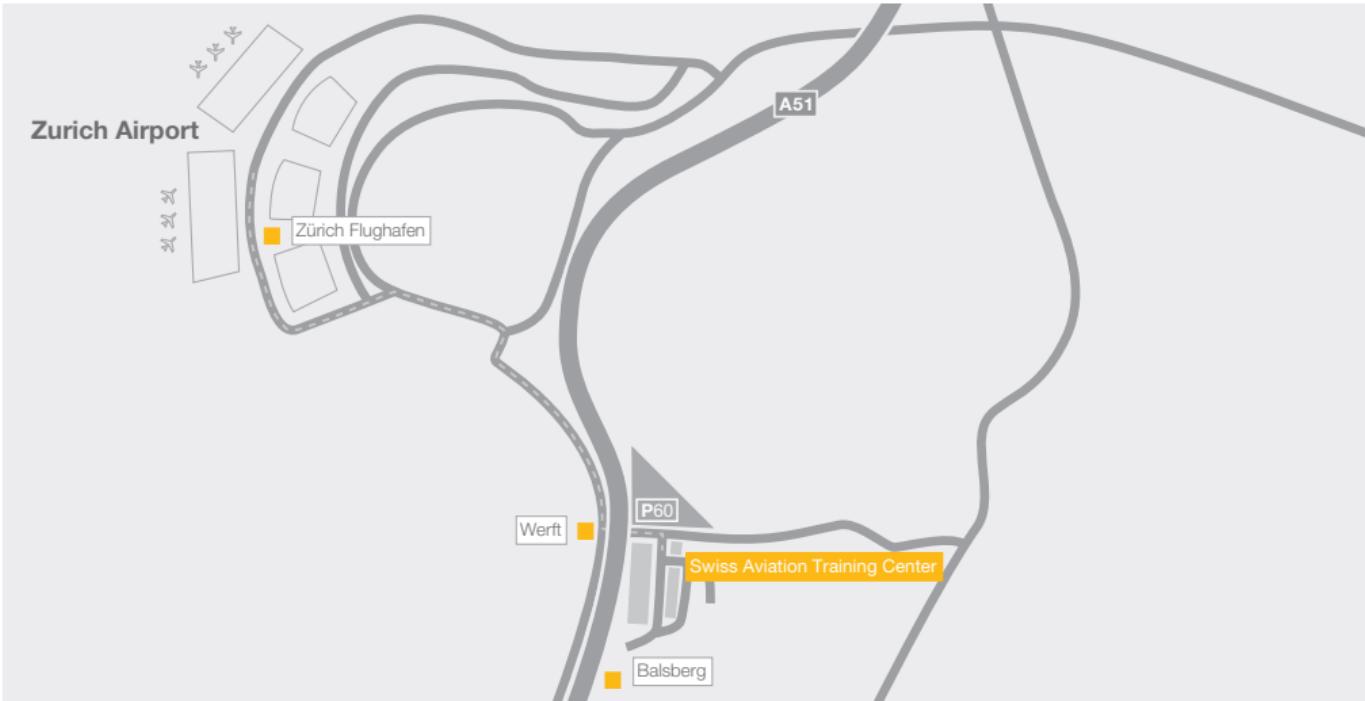

Service

Map

The Lufthansa Flight Training Center Zurich with the MD-11 Simulator is located in the Swiss Aviation Training Center, the training facility of Swiss Aviation Training Ltd. The training center can easily be reached by public transportation. If you arrive by car, drive past Zurich Airport and exit at "Kloten-Glattbrugg". Turn right after the exit. After 50 meters turn left at the crossroads and follow the road. The training center is on your left after approximately 150 meters. You can use the car park P60 right beside the Swiss Aviation Training Center.

----- By car

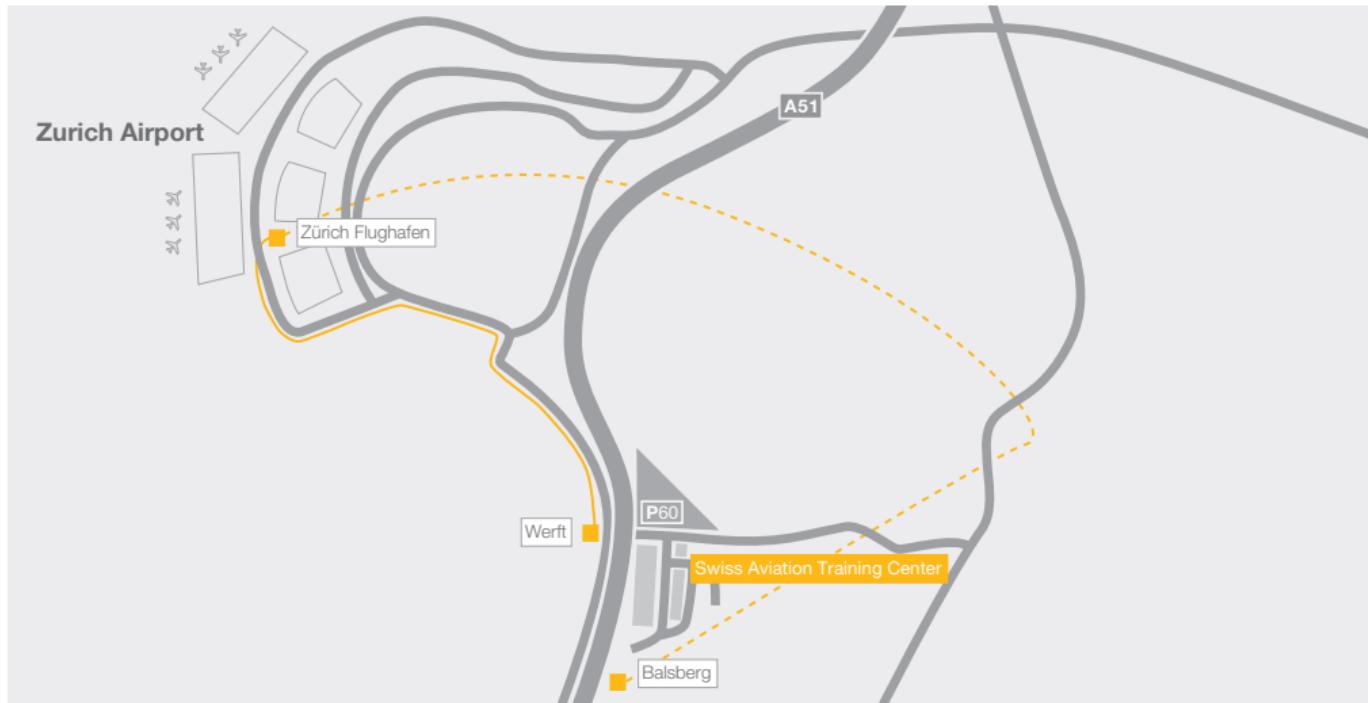

By Train and Bus

The train line S7 departs every half-hour from the Zurich main railway station and stops at "Balsberg", which is 3 minutes walk from the Swiss Aviation Training Center. You can reach the training center via the stop "Zürich Flughafen", as well. The trains run between "Zürich Hauptbahnhof" and "Zürich Flughafen" every 10 minutes.

— By bus

> Bus Schedule

Bus Schedule

The bus lines 768 and 759 leave from the airport for the Swiss Aviation Training Center every 3 minutes. After your arrival at the airport, please proceed to the new airport shopping area and use the escalator to the upper floor. Follow the signs "Regional Bus". The bus terminal is located behind the airport shopping area. Exit at the first bus stop "Werft". The buses run between 6:00 am and 11:30 pm.

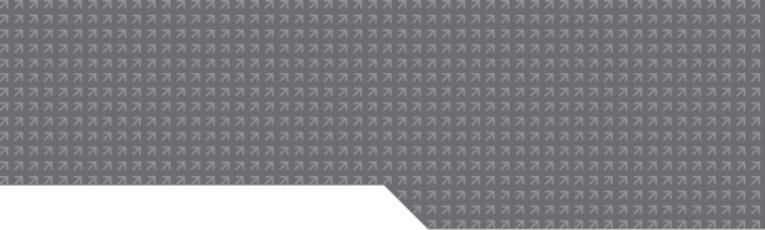

Bus Line 768 (Direction "Zürich Bahnhof Oerlikon") / **Bus Line 759** (Direction "Bahnhof Dübendorf")

Mondays to Sundays

06:00 Zurich Airport —————→ **06:05** Werft
06:00–23:30 every 3 minutes*

*You'll find the exact times of departure on the current schedules at the bus stop.

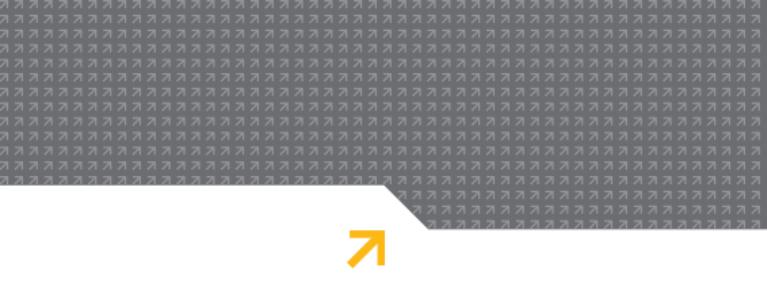

Swiss Aviation Training Center Buildings A-G

Floor Plan

To get to your simulator training go straight through Building C and follow the directions to Building F. The service desk at the main entrance will be happy to assist you.

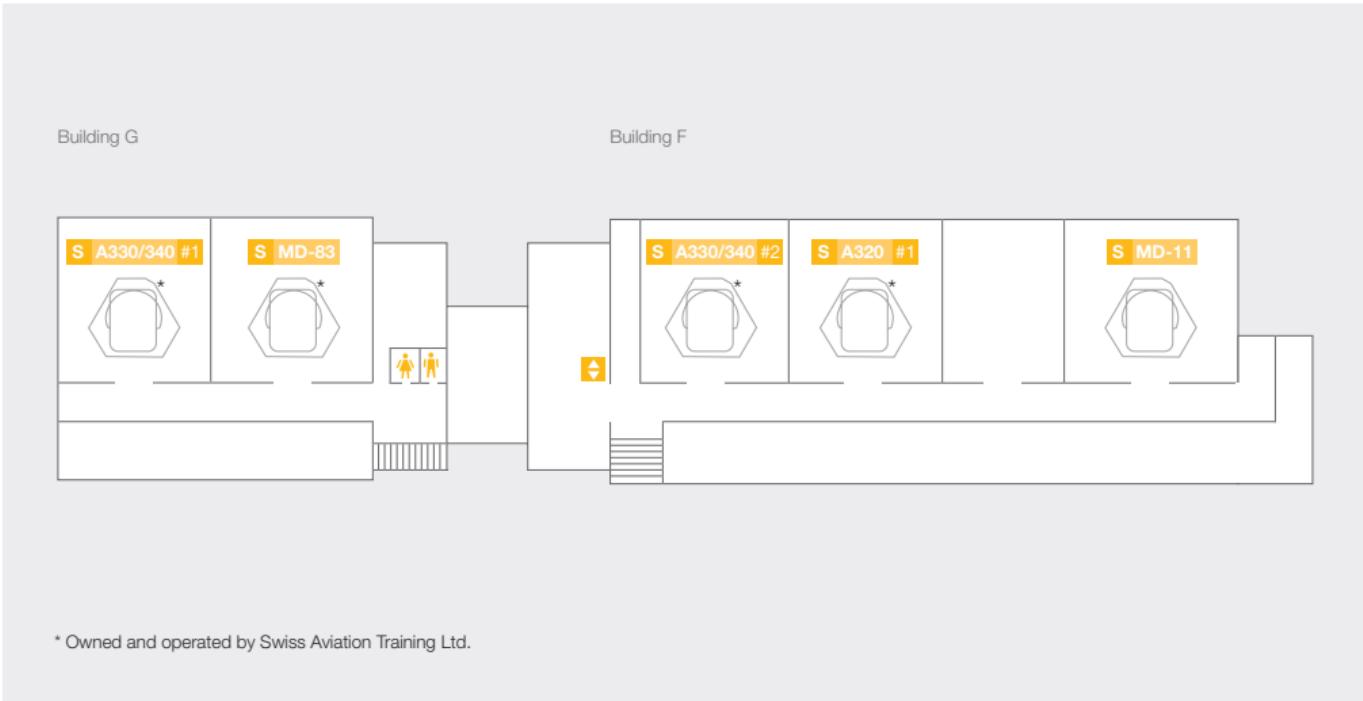

Building G–F / First Floor

Floor Plan

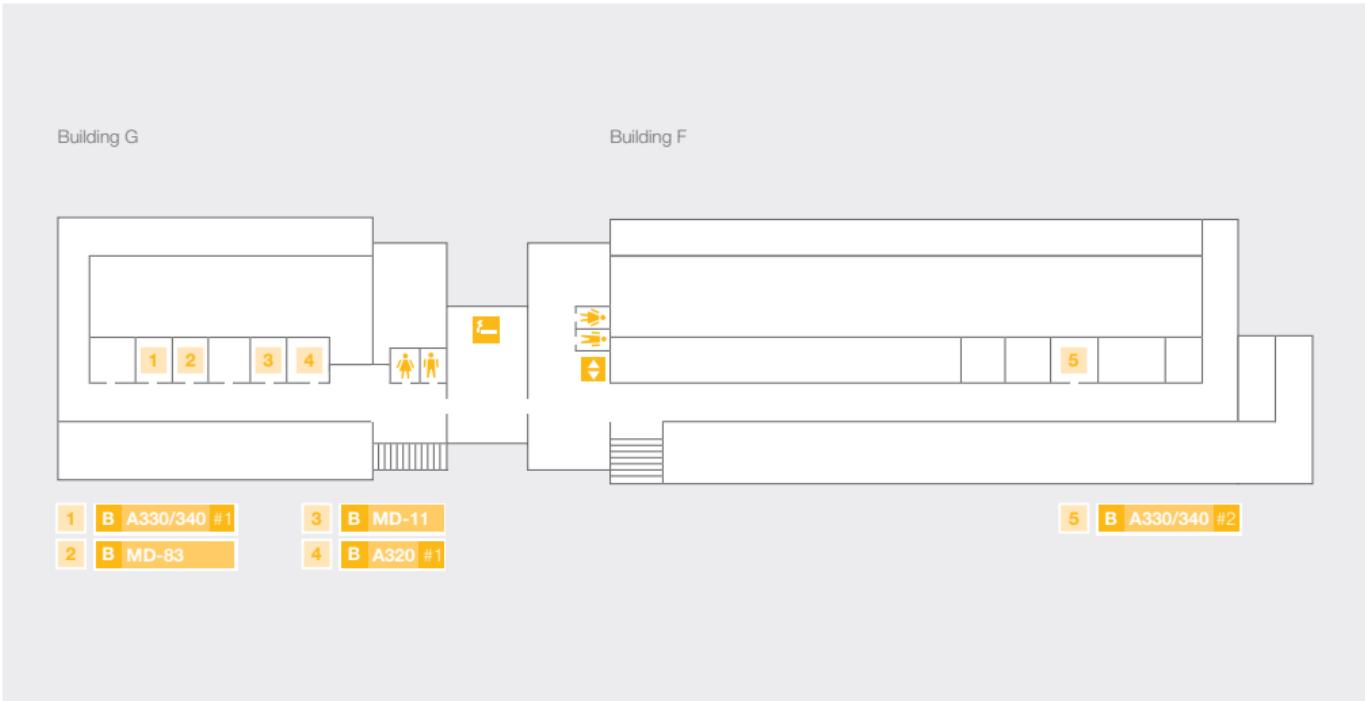

On the first floor of the two buildings you'll find the full-flight simulators. Another Airbus A320 (#2) simulator is provided on the ground floor of Building E. Its appropriate briefing room is located on the first floor of the same building.

Floor Plan

Building G-F / Third Floor

The briefing rooms for your training are located on the third floor of the Buildings G and F. You'll find a smoker lounge on this floor as well.

HOTELS AND OTHER SERVICES

As a part of our services at the Finnair Flight Training Center, we can assist you with your hotel reservations during your stay in Finland. Finnair will arrange the favourable rates for you and you pay directly to the hotel. The approximate costs for hotel alternatives and other services are detailed on the following pages.

The sample rates apply strictly only when used in connection with training at Finnair. We obtain the best rates available at all times. Changes are possible and price confirmation is required when the services are booked.

Customers shall pay their hotel room bills in cash (Euros) or with internationally accepted major credit cards directly to the hotel.

We hope you will find suitable accommodation to make your stay in Finland as comfortable and easy as possible. We look forward to seeing you soon!

Best regards

Customer Support Office Crew

CUSTOMER SUPPORT OFFICE

To assure good customer support we have a special Customer Support Office at the Finnair Flight Training Center. Our Sales Coordinators will provide you with all the required information and will take care of the necessary arrangements during your stay at the Finnair Flight Training Center. They can be reached during normal office hours at the following numbers:

Telephones: +358 9 818 4611 or 09-818 4612

Telefax: +358 9 818 4600

You can also reach them by e-mail: flight.training@finnair.com. Visit also our website www.finnairflighttraining.com.

Depending on your preferences you can choose between hotels near the airport and the FINNAIR TRAINING CENTER or a hotel in the center of Helsinki. There is no shuttle bus service between the city hotels and the Finnair Flight Training Center. In Helsinki the taxi service is very good and efficient. Taxis will give receipts and they charge the published fares as seen on the taximeter.

HOTELS IN HELSINKI

Scandic Continental Hotel

This hotel is Helsinki's largest hotel with 553 rooms. The hotel is very popular and well located. They have a nice restaurant, large sauna and swimming pool facilities plus all business services that may be required.

The hotel is in the heart of Helsinki and within walking distance from the shopping area. The airport shuttle bus goes via the hotel to the City Terminal. The best way to travel from this hotel to the Finnair Flight Training Center is a taxi; the journey time is approx. 25 minutes and costs approx. EUR 30.

Single room	EUR 101 per night buffet breakfast included
Double room	+ EUR 20

www.scandic-hotels.com/continentalhelsinki

Hilton Helsinki Strand

The Strand is a high standard hotel and very popular among our customer crews. It is slightly smaller than the Scandic Hotel Continental, but also more modern. This excellent hotel has won several awards for its service. It has two restaurants and good sauna and swimming pool facilities.

The Strand is located in the heart of Helsinki and within walking distance from the shopping area. There is no bus connection from the hotel to the airport. A taxi is the best connection to the Finnair Flight Training Center and the airport. A one way fare is approximately EUR 30.

Single room EUR 117 per night, buffet breakfast is included.
Double room EUR 152 per night, buffet breakfast is included.

Informativa per piloti ex Gruppo Alitalia

In seguito alle vicende delle aziende del Gruppo Alitalia un cospicuo numero di piloti attualmente privi di impiego ha posto particolare attenzione alle problematiche relative:

- All'inserimento professionale nelle imprese di trasporto aereo nazionali e internazionali
- Al mantenimento in esercizio delle abilitazioni possedute

Tale situazione ha comportato per la Direzione Licenze del Personale un notevole aumento del carico di lavoro a causa delle numerose richieste individuali dei piloti ex Gruppo Alitalia, sia avviati alla cassa integrazione, sia licenziati, sia inseriti nel nuovo organico del nuovo Raggruppamento Alitalia-CAI, al punto di costituire un pesante aggravio di lavoro alle critiche condizioni pre-esistenti.

In particolare vengono avanzati tre tipi di richiesta:

- Informativa sulle modalità di mantenimento delle abilitazioni già possedute
- Informativa sulle modalità di conseguimento di nuove abilitazioni
- Rilascio di dichiarazioni sulla autenticità e sui contenuti delle licenze di pilotaggio possedute per accreditarsi presso le autorità aeronautiche di Paesi Esteri.

Per facilitare lo scambio di informazioni, a fronte della esigenza avvertita anche da parte dei piloti in questione, di procedere in modo organico ed univoco per le esigenze sopra manifestate si sono costituiti gruppi spontanei che, tramite un portavoce, avanzavano proposte di vario genere sempre miranti alla soluzione dei problemi già evidenziati.

Con tali gruppi spontanei e con altre associazioni che ne hanno fatto richiesta, sono state definite delle procedure atte a razionalizzare l'afflusso verso ENAC di utenti omogenei. In particolare, per l'effettuazione dei Proficiency Check di rinnovo delle abilitazioni, tali procedure prevedono che:

- l'attività viene svolta senza finalità di lucro
- i proficiency check per la sola revalidazione di abilitazioni viene effettuato da TRE in possesso della relativa autorizzazione in corso di validità, non più impiegato presso l'Operatore/TRTO citato nella stessa,
- i gruppi e le associazioni assumono il ruolo di collettori e facilitatori delle operazioni di rinnovo
- gli stessi forniranno ad ENAC, Direzione Licenze del Personale, l'elenco dei TRE che effettueranno gli addestramenti ed i controlli finalizzati al rinnovo delle abilitazioni di cui sopra,

- deve essere comunicato ad ENAC, con un anticipo di almeno 5 giorni lavorativi, le date di svolgimento dei Type Rating PC
- di ogni Proficiency Check devono essere redatte tre copie di verbale e check list (Mod.102 e Mod. 102V): una da consegnare alla Direzione Licenze del Personale ENAC per l'aggiornamento del data base, una che verrà conservata dal referente del gruppo o dell'associazione per almeno 5 anni, la terza che verrà conservata dal TRE per 5 anni,
- Assieme alla copia del verbale di PC, dovrà essere consegnata ad ENAC Direzione Licenze del Personale, anche una fotocopia della lettera di posizione in CIGS del candidato,
- Il rinnovo avverrà secondo quanto previsto dalla JAR FCL 1.245 e relative Appendici 1 e 2.

La procedura è stata definita tenendo in considerazione che:

- tutto il personale interessato ha svolto copiosa attività di volo negli ultimi 12 mesi
- le abilitazioni sono ancora in corso di validità
- gli Esaminatori (TRE) hanno svolto l'attività minima per il mantenimento delle relative autorizzazioni, tuttora in corso di validità

Quanto sopra riportato non può intendersi applicabile in caso di abilitazioni scadute.

In tal caso, se l'abilitazione non risulta scaduta da oltre 30 giorni, è possibile presentare ad ENAC, Direzione Licenze del Personale, una proposta di procedere al rinnovo con le modalità sopra descritte, che dovrà essere preventivamente autorizzata. Nella richiesta dovrà essere specificato il numero totale delle ore di volo, il numero delle ore di volo sul tipo che si intende rinnovare nonché il numero delle ore di volo negli ultimi 12 mesi.

Se invece l'abilitazione risulta scaduta da oltre 30 giorni, l'interessato dovrà necessariamente rivolgersi ad un TRTO/FTO per lo svolgimento di un programma di renewal, che deve essere preventivamente approvato da una Autorità Aeronautica.

A fronte delle numerose richieste di informazioni, si rende noto, che le procedure già definite e implementate, di carattere esclusivamente tecnico, non prevedono un numero chiuso e limitato di attori.

La Direzione Licenze del Personale si rende disponibile sin da ora per concordare e definire le stesse procedure con quelle associazioni o gruppi omogenei che fossero interessati a farne richiesta, al solo fine di agevolare e facilitare il mantenimento delle abilitazioni del personale temporaneamente non più in servizio.

Roma, 15 Aprile 2009

Programma rinnovo TR + IR

Riferimenti:

1. Appendix 1 to JAR FCL 1.210;
2. Appendix 2 to JAR FCL 1.240 & 1.295

Obiettivo

RINNOVO TR + IR PER UN EQUIPAGGIO OMOGENEO/NON OMOGENEO IN UNA SESSIONE DI SIMULATORE DI 2 + 2 ORE COME PREVISTO DAI REQUISITI MINIMI DEL RIFERIMENTO 1 E 2

Svolgimento

Nota: I numeri tra parentesi quadre [...] si riferiscono alle voci come riportate nel modulo Mod. 102 ENAC ATPL(A)/TR/CKLIST 1/2007 (che ha sostituito il vecchio ENAC/FCL 210).

1. Pianificazione tratta. Tratta XXX- YYY MTOW
2. Setup come volo in transito, posizione TO point
3. Normal startup e checklist [1.4], before take-off checks [1.6].
4. Take-off clearance, at 90 kias Engine Oil Low Press -> Rejected take-off [2.6].
5. Repositioning al TO point, malfunctions cleared, normal take-off, preselect Windshear.
6. After take-off windshear recovery [3.6.5].
7. During departure ACAS or EICAS event [3.6.9;3.9.1].
8. Engine failure (ENG 1 fail -> CM1 PF; ENG 2 fail -> CM2 PF) [3.4.0;3.4.4;3.4.11] (Rientro su l'aeroporto di partenza.)
9. In lungo finale (almeno prima del OM) Autopilot fail [3.4.8;3.9.1].
10. Avvicinamento manuale con un motore inoperativo [3.9.3.4;3.9.1].
11. Al raggiungimento DH ordine di Go Around (per pista inagibile) -> single engine GA [4.3].
12. Riposizionamento (da console se necessario) in finale con Glide inoperativo, Autopilot operativo.
13. PNF incapacitation [3.6.7]
14. Finale non precision [3.9.4].
15. Atterraggio one engine inoperative [5.5].
16. Riposizionamento Take-off point, malfunctions cleared.
17. Decollo con avaria motore tra V1 e V2 [2.5.2].
18. Alla quota di accelerazione, completato checklist avaria, termine sessione per un CM.
19. Ripetizione step dal 2 al 18 come applicabile per secondo CM.
